

Pyramid 故事九層塔 / 故事九层塔

#Intermediate #Classroom #Family

4+
players

20+
minutes

• flash cards x 48

Through this game, students are able to:

- develop Chinese reading skill and vocabulary
- practice Chinese characters' pronunciation
- creativity and storytelling

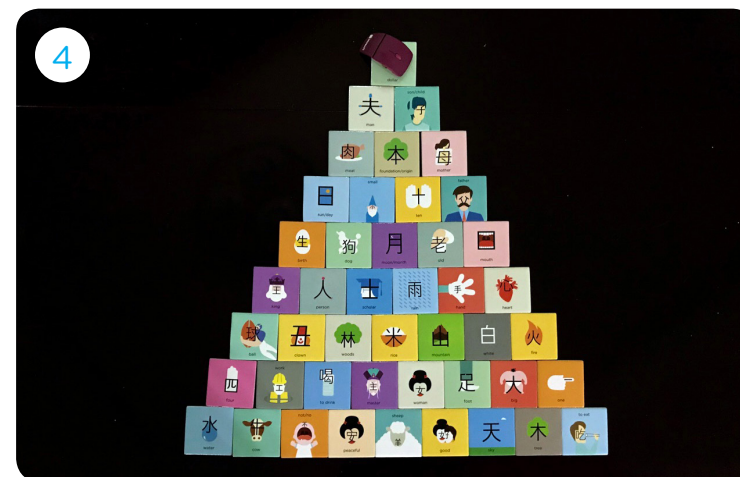

Place 48 cards as pyramid. 3 remaining cards can be extra challenges.

Find an object, such as coin to indicate which character is used. Group students in 2 teams (or more) and take turns telling 1-2 sentences to make up a story.

Each team can use 1 to 2 characters. The character must be next to the original characters. For example, to move from 吃 (to eat), you can use 一 (one), 木 (tree) and 大 (big).

The team who first reaches the top wins!
