- 20-30 tiles
- 1 play board

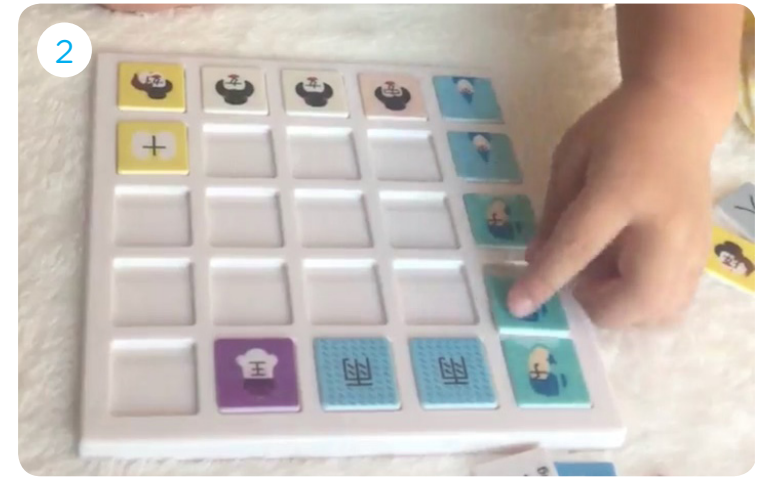

Through this game, kids are able to:

- find and recognize Chinese characters
- build Chinese phrases list
- learn how to count numbers in Chinese

Find: pick up 20 - 30 tiles with the same characters

Count: place the tiles with same characters on the play board. Ask kids to count how many they are.

Think: Ask kids if they remember any phrases including that character

Example: 小孩子 (little kids) has the character 子 (zǐ)
